3D Systems Enhances Its Online Presence

- Applications and Content Key to Democratizing Access to 3D Printers -

ROCK HILL, South Carolina – March 3, 2011- 3D Systems Corporation (NASDAQ: TDSC), announced today the launch of its new corporate website designed to democratize access and accelerate adoption of its complete line of [3D Content-To-Print](#) solutions which includes its Personal, Professional and Production 3D Printers and its On Demand custom parts services. The new site integrates [3D Systems](#) web properties, including [Bits From Bytes](#), [Printin3D](#), [Production Printers](#) such as [SLA](#), [SLS](#) and [SLM](#) and [3Dproparts](#)[™] and [Quickparts](#)[™] into a contemporary, intuitive destination serving customers, prospects and partners with a secure, 24-hour online presence.

“We are pleased to offer our constituents a totally new and compelling online destination that showcases our entire portfolio content-to-print solutions,” said Cathy Lewis, Vice President, global marketing for 3D Systems. “Growing marketplace interest in 3D printing validates our commitment to democratize access and accelerate adoption of these solutions.”

About 3D Systems Corporation

3D Systems is a leading provider of 3D content-to-print solutions including 3D printers, parts and production systems. Its expertly integrated rapid prototyping and manufacturing solutions reduce the time and cost of designing new products and printing real parts directly from digital input. These solutions are used to design, communicate, prototype and produce functional end-use parts; customers create with confidence.
