## 3D Systems and EmberSurge Join Forces

- Experienced Reseller Adds Leading 3D Printers To Its Portfolio Of Design-To-Manufacturing Solutions -

**ROCK HILL, South Carolina, November 22, 2010** – 3D Systems (NASDAQ: TDSC) announced today that it added EmberSurge, a recognized, successful Silicon Valley Reseller and service provider to its growing network of 3D printers and solutions providers.

With a qualified team of experienced engineers and service professionals, EmberSurge delivers comprehensive sales and support for 3D printers along with part printing services in the San Francisco Bay Area. They now offer local access to the entire lineup of [3D Systems'](#) personal, professional and production [3D Printers](#) throughout Northern California.

"We are pleased to add a professional reseller and service provider of the caliber of EmberSurge to our network. The EmberSurge team is highly qualified and well positioned to represent our comprehensive range of personal, professional and production 3D Printers," said Michele Marchesan, vice president sales, 3D printing, 3D Systems Corporation.

"In the heart of Silicon Valley where product development is ever-changing and the demand for new and better technology drives innovation, EmberSurge selected 3D Systems technologies based on our customer's need for finer detail, higher resolution, and better functional prototypes," sited Sandra Madrigal, CEO of EmberSurge. "3D

systems [ProJet™](#) technology is bar none the highest resolution, best fine feature detail, and truest representation of the design in the 3-D printing industry, period.”

### **About 3D Systems Corporation**

3D Systems is a leading provider of 3-D Printing, Rapid Prototyping and Manufacturing systems and parts solutions. Its expertly integrated solutions reduce the time and cost of designing products and facilitate direct and indirect manufacturing by creating actual parts directly from digital input. These solutions are used for design communication and prototyping as well as for production of functional end-use parts: our customers Create With Confidence.
