## Dream in 3D: 3D Systems Partners With TechShop

- Member-Based Workshop Offers 3D Systems Content-To-Print Solutions -

**ROCK HILL, South Carolina, December 14, 2010** – 3D Systems (NASDAQ: TDSC) announced today a partnership with TechShop, Inc. to offer access to its complete portfolio of [3D Printers](#), [3D Printer Kits](#) and [3Dproparts™](#) services to their members, expanding and enhancing their ability to bring their dreams to life.

With existing locations in Menlo Park, California, Durham, North Carolina and San Francisco and a San Jose, California location opening soon, [TechShop](#) is a member-based workshop where inventors, hackers, tinkerers, artists, entrepreneurs and arts and crafts enthusiasts go to build the things they have always wanted to make. With access to new [3D content](#) and design tools, 3D printing solutions and services have become increasingly important to this maker community.

“Members of the growing Do-It-Yourself movement can benefit from our affordable 3D content-to-print solutions to realize their dreams,” said Abe Reichental, President and CEO of 3D Systems Corporation. “We are pleased to be part of this exciting community, partnering with TechShop to help their members create with confidence.”

“We chose [3D Systems](#) as our partner because we want to offer best-in-class 3D printers, kits and parts solutions. Our tag line is, ‘build your dreams here,’ now our members can dream in 3D,” said Mark Hatch, CEO of TechShop.

**About 3D Systems Corporation**

3D Systems is a leading provider of 3D content-to-print solutions including 3D printers, parts and production systems. Its expertly integrated rapid prototyping and manufacturing solutions reduce the time and cost of designing new products and printing real parts directly from digital input. These solutions are used to design, communicate, prototype and produce functional end-use parts and our customers create with confidence.
